Deepfake Detection Report

Date and Time: 2025-04-26 05:59:32

Detection Information

Detection ID: 1
Media Filename: test.jpg
Media Type: image
Detection Date: 2025-04-25 23:58:46

Detection Results

DEEPFAKE DETECTED

Confidence Score: 76.31%

Technical Explanation

This media has been identified as a deepfake. The AI model has detected visual inconsistencies typically associated with synthetically generated or manipulated content. The areas highlighted in the heatmap image below indicate regions where the model detected potential manipulation artifacts.

Visual Analysis

This report was generated automatically by DeepFake AI Detection System.
